

## Keep In Mind

Not only will your membership showcase the many talents that you bring to the program, but it will also directly benefit millions

of people the Public Vocational Rehabilitation Program has served over the years. Your membership in the *American RehabACTion Network* will help ensure that the Public Vocational Rehabilitation Program remains the best approach to providing employment opportunities to persons with disabilities.

## Join the American RehabACTion Network

and become a powerful voice for the  
Public Vocational Rehabilitation

Washington, DC 20007-8253

Phone 202-333-5841

FAX 202-333-5881

Join the  
**ARAN**  
American RehabACTion Network

Be a Powerful Voice for the  
**Public Vocational  
Rehabilitation  
Program**

Throughout the next year, YOU will have the opportunity to learn about and advocate for **PUBLIC VOCATIONAL REHABILITATION** in a way that will be invaluable to its continued success.

**How?** By joining the *American RehabACTion Network*.

**What is the Network?** The *American RehabACTion Network* is a network of concerned citizens created to educate Congress, other policy-makers and ordinary citizens about the worth, need and success of the Public Vocational Rehabilitation Program.

The *American RehabACTion Network* is unique, for it is the **ONLY** network that focuses **EXCLUSIVELY** on those programs established and funded under the Rehabilitation Act to assist persons with disabilities to become employed and live independently.

No other organization is designed to showcase the results of the contributions of VR counselors, rehabilitation technicians, teachers, evaluators, therapists, secretaries, adjustment specialists, trainers and the many other hard-working women and men whose lives are committed to assisting persons with disabilities reach their vocational potential and independence.

## What Does the Network Offer?

Joining the *American RehabACTion Network* allows you to become intimately aware of the status and background of legislation and policies which directly affect the Public Vocational Rehabilitation Program. You will know who the people are in government that are supporting the Public Vocational Rehabilitation Program - and which ones are not! You will also be offered opportunities for professional development second to none! Here's how:

- ★ You will receive *In the Public Interest*, a publication that provides news and analysis of personalities, policies and programs you will find too hot to ignore.
- ★ You will also receive ALERTS, to keep you informed and one step ahead of the opponents.
- ★ You will be invited to attend National conferences, forums and seminars to keep on top of your profession in order to "promote the cause."

## What Can I Do as a Member?

Through the publication, *In the Public Interest*, you will be kept up-to-date with important Vocational Rehabilitation issues that directly affect your work with, and commitment to, the Public Vocational Rehabilitation Program. When necessary, you will be asked to communicate with members of Congress to express your support for issues important to the continued success of the Program. In times of urgency, calls or visits to Congressional offices will be invaluable. You will also be asked to take part in various educational functions designed to improve the Public Vocational Rehabilitation Program.

The success of *American RehabACTion Network* will depend on **YOU** - and your willingness to educate and advocate.

Note: If you have a state chapter of ARAN, you should join through that chapter.

It is up to **YOU** to make the

# American RehabACTion Network

a success!
